## The CLEARFIELD Advantage\*

- For the 2008 season, BASF is introducing the CLEARFIELD® Advantage™.
- The CLEARFIELD Advantage is a new package of benefits available exclusively to growers who use the CLEARFIELD Production System and who have signed a CLEARFIELD Commitment.
- The components of the CLEARFIELD Advantage include:
  - The CLEARFIELD Value Advantage
    - Provides CLEARFIELD canola and CLEARFIELD sunflower growers with 10% off BASF CLEARFIELD herbicides, above and beyond the savings available in the 2008 GrowForward™ Program
  - The CLEARFIELD One-Pass Advantage
    - Provides CLEARFIELD growers with a 100% re-spray in the event of grassy weed control failure for growers using ODYSSEY® DLX or ABSOLUTE® herbicides, and broadleaf weed control failure with ALTITUDE® FX
  - The CLEARFIELD Seed Protection Advantage
    - Provides CLEARFIELD growers with \$1 per acre off all BASF cereal seed treatments on as many cereal acres as they grow, with no time limit on bookings or purchases
